

This is regarding the SHVIRA legislation for satellite TV regarding significantly viewed stations. I live in Powell County, in the town of Avon. In my area, you have listed only KXLF from Butte and KGVO (now KECI) out of Missoula. You should also have: KTVM (Butte) and KTVH (Helena) and probably even KFBB (Helena). Not sure if KTVG qualifies, but I think the three aforementioned stations would. Thank you.
